All specification values in this document are reproduced from the manufacturer's batch Certificates of Analysis (Deepak Phenolics, IP). BP grade limits are near-identical and available on request, cross-checked against the manufacturer's published documentation and Certificate of Analysis. Supreme Petro Chemicals provides this Technical Data Sheet in good faith for reference only and accepts no liability for errors, omissions, or subsequent revisions by the manufacturer; the manufacturer's current documentation prevails. This is not a Certificate of Analysis — a batch-specific CoA accompanies every consignment.
